

2026 DONOR OPPORTUNITIES

For The New Chamber Building

Join Us in Building the Future.

The Granbury Chamber of Commerce has officially moved into a new office space designed to better serve our members and the broader business community. As we settle into this next chapter, we're transforming the building into a professional, functional, and welcoming environment – through remodeling projects, new furnishings, updated technology, and thoughtful design.

We invite our Chamber members and supporters to partner with us in creating a lasting legacy. Your sponsorship will help build an inspiring space where local businesses connect, grow, and thrive for years to come. Together, we're not just improving a building – we're strengthening the foundation of Granbury's business future.

**All donations received through December 31, 2026 will be dedicated for future enhancements to the existing building. Granbury Chamber reserves the right to make decisions on the enhancements needed.*

Legacy Builders

\$250

◆ MAKE YOUR MARK IN STONE ◆

For those who want to leave a deeper, more lasting impression, become a Legacy Builder by sponsoring an engraved stone that will be featured in a special Legacy Pathway or recognition area at the Chamber's new office.

This exclusive opportunity offers a meaningful way to showcase your commitment to Granbury's business community. Stones may be engraved with your name, business name, or a short message of support, and serve as a permanent tribute to your leadership and vision.

- Custom engraved stone in the pathway outside the Chamber
- Group recognition in our Chamber E-newsletter

*Legacy Builder donations are available in perpetuity so long as the Chamber owns the existing building and space for stones is available, subject to possible changes in donation amount at the discretion of the Chamber Board of Directors.

*All donations received through December 31, 2026 will be dedicated for future enhancements to the existing building. Granbury Chamber reserves the right to make decisions on the enhancements needed.
